Charlemagne Youth Prize

Since 2008, the European Parliament together with the 'Foundation of the International Charlemagne Prize of Aachen' have each year been inviting young people from all EU Member States to submit projects run by and for youth showing an active participation in the development of Europe.

CAN WE PARTICIPATE?

Young citizens aged between 16 and 30 living in any EU Member State can submit projects for the European Charlemagne Youth Prize.

Projects can be submitted individually or, preferably, in groups. They should promote European and international understanding; foster the development of a shared sense of European identity and integration; and provide role models for young people living in Europe and offer practical examples of Europeans living together as one community.

The European Parliament and the Foundation of the International Charlemagne Prize of Aachen invite young people from all EU Member States to participate in a competition on EU development, integration and European identity issues.

The 'European Charlemagne Youth Prize' is awarded to projects, which:

- foster the development of a shared sense of European identity and integration,
- serve as a role model for young people living in Europe and offer practical examples of Europeans living together as one community.

The projects can focus on the organisation of various youth events, youth exchanges or online projects with a European dimension.

WHAT TYPE OF PROJECT CAN WE SUBMIT?

[Previous winners](#) have been awarded for projects such as youth exchanges, events in the fields of sports, arts or culture or may take the form of online projects with a European dimension. Have a look [here](#) to read about previous winners' projects.

WHAT IF WE WIN?

The prize for the best project is €7500, the second €5000 and the third €2500. As part of the prize, the three European laureates are invited to visit the European Parliament in Brussels or Strasbourg.

One representative of each national winning project is invited to Aachen for several days to attend several events, including the Youth Prize Award Ceremony, which always takes place two days before Ascension Day, the day on which the prestigious International Charlemagne Prize of Aachen is awarded.

The prizes for the best three projects will be presented by the President of the European Parliament and representatives of the Foundation of the International Charlemagne Prize of Aachen.

Your project will also receive lots of coverage through the European Parliament's and the Foundation's media channels.

... and last but not least, your stay in Aachen will be a unique chance to meet and network with other dynamic young people from all over Europe, a platform to share your vision about Europe in front of European leaders and for many it will be the beginning of some long-lasting friendships with like-minded young people from all over Europe!

Emigrant Support Programme

The Emigrant Support Programme is a tangible expression of the Government's support of, commitment to, and interest in the global Irish community. It aims to strengthen the international Irish community and its bond with Ireland.

Through this programme, the Government wants to fund projects that will have a clear and identifiable impact on supporting and building global Irish communities. The Irish Abroad Unit in the Department of Foreign Affairs manages and coordinates the programme in partnership with Ireland's Embassies and Consulates abroad.

Since its inception in 2004, the Emigrant Support Programme has assisted over 530 organisations in over 36 countries with grants totalling over €200 million. Grants have ranged from small amounts for grass-roots groups to major allocations awarded to voluntary and community organisations operating on a large scale.

Priorities and Objectives

In 2022 the Government, through the Emigrant Support Programme, is committed to prioritising the following:

Our People

New and innovative projects which strengthen ties with our diaspora and reach out to engage with those who are less connected to our existing networks, including digital initiatives, new ways of building connections and support for the vulnerable.

Our Values

Supporting projects which focus on inclusivity and celebrating the multicultural diversity of our people in the under-represented and non-traditional diaspora.

Encourage women and girls to be leaders of change in their communities and help promote gender equality and women's empowerment across our diaspora.

Projects which support members of the survivor community living abroad.

Our Prosperity

Collaborative initiatives that encourage not-for-profit and charitable organisations to work together to rebuild and recover from the Covid pandemic.

Support recently returned emigrants or those planning on returning to Ireland, with advice on work-skill training, job placements and business start-up resources.

Our Culture

Projects promoting our shared Culture and Heritage, across sports, language, history, art, music, film and Irish Studies.

Develop links to those of African/American and Hispanic heritage in the US, and people of Irish ancestry in Africa, the Caribbean, Latin America and other parts of the world.

Our influence

Events aimed at expanding our global reach, connecting with non-Irish born members of the diaspora and those with an affinity to Ireland, especially youth leaders in order to build self-sustaining and impactful Irish communities.

Applications are particularly welcome from organisations that have not applied before and/or new projects in geographic areas not previously assisted.

Criteria for grant aid:

Applicant organisations should be established as registered charities, charitable bodies or voluntary/not for profit organisations and will be evaluated on the following criteria:

- the need for the project
- beneficiaries in the Irish community (including second and later generations), including their needs and vulnerabilities
- the impact of the project based on clear expected outputs and outcomes
- partnerships with other statutory, voluntary and ESP-funded organisations to maximise service delivery to vulnerable Irish people
- how the outcomes will contribute to the achievement of ESP's objectives
- the capacity of the organisation to deliver the project
- the total project cost and value for money offered
- what funding has been secured from other sources for the project

- the monitoring and evaluation systems in place to measure the outcomes for target beneficiaries
- commitment to good governance and best practice throughout the organisation (including e.g. financial management, fundraising strategy, inclusion policies and staff training and development)

Categories of Funding:

All funding decisions are based on the information submitted in the official application form, which must be submitted online. No hard copy application forms will be accepted.

The categories under which ESP can be applied for are as follows;

- Heritage - Project involving the promotion and maintenance of Irish heritage and identity overseas.
- Welfare (Elderly) - Projects that are specifically targeted at the older members of the Irish community.
- Welfare (Other)- Projects involving the provision of front-line welfare services including advisory, counselling, information and outreach services to Irish communities.
- Business Networks - Projects to support Irish business networks or other Irish professional networks overseas.
- Capital - Projects involving the construction, refurbishment or purchase of capital assets. This includes projects related to website development and large digital/software projects.

Organisations are permitted to make applications in more than one category.

Principles governing recipients of Irish Government funding:

The ESP is funded through taxpayer's money and is therefore public funding. The highest levels of transparency and accountability will be applied. As part of this we require reports on the impacts and the success of projects funded as well as financial reports.

In line with regulations governing the receipt of grants from the Irish Government, all grantees must:

Clarity

Set out clearly the objectives, inputs and outputs of their funding spend:

- Show clearly that funding was spent only for the business purposes for which it was provided
- Seek clarification from the grantor where necessary – on use of funds, governance and accountability arrangements

Governance

Ensure appropriate governance arrangements are in place for oversight and administration of funding:

- control and safeguarding of funds from misuse, misappropriation and fraud
- accounting records which can provide, at any time, reliable financial information on the purpose, application and balance remaining of the public funding
- Accounting for the amount and source of the funding, its application and outputs/outcomes
- Value for money
- Be in a position to provide evidence on:
 - effective use of funds
 - value achieved in the application of funds
 - avoidance of waste and extravagance
- Fairness
- Manage public funds with the highest degree of honesty and integrity:
 - Act in a manner which complies with relevant laws and obligations (e.g. tax, minimum wages)

The Arts Council - Commissions Award

The Arts Council is the national agency for funding, developing and promoting the arts in Ireland. The Council recognises that the arts have a central and distinctive contribution to make to society.

The purpose of the Commissions Award is to enable the commissioning of new work from freelance artists.

In general, the finished work may be in a form capable of being presented, exhibited, published, performed and/or disseminated in its entirety at the point of completion, or it may be capable of being presented as a work-in-progress, either live or online. Please see the artform/arts area specific guidance below for the priorities for the award in each area. and [Paying the Artist](#).

For 2022, in recognition of the Arts Council's seventieth anniversary, we have introduced an Anniversary Commissions strand with a thematic focus on children's right to arts and culture.

STRAND 1 – Artform commissions

Commissions can be applied for in the areas of:

- Dance
- Opera
- Music
- Traditional Arts

This means that any applicant, whether an organisation or an individual, can apply to commission an artist working within one of these artform areas.[\[1\]](#)

STRAND 2 – Cross arts-area commissions

In order to assist with the animation of arts organisations working across different artforms and with the commissioning of work by artists working in particular contexts, the award is open to organisations in the following categories:

- Festivals

In these cases, organisations can apply to commission an artist working in any artform, with the exception of festivals applying for a commission in Dance, Music, Opera, Traditional Arts or Literature, which should apply directly to those artforms in Strand 1. The application will be

assessed primarily in relation to the context in which the commission is proposed. The Arts Council's artform specialists will provide a secondary comment where their artform is integral to the proposal.

STRAND 3 – Young People, Children and Education (YPCE) Anniversary Commissions

2022 marks the seventieth anniversary of the Arts Council. To mark this significant moment, the Arts Council will present a programme of events in a year of celebration, reflecting the excellence of the arts sector in Ireland. Included among these is an expanded commissions strand for artists working with and for children and young people.

YPCE Anniversary Commissions will support artists to create ambitious new work for and with children and young people. Organisations can apply to commission an artist working in any artform. Anniversary Commissions should have a particular focus on children's right to participate in the arts. Proposals should demonstrate a high level of ambition with regard to involving children and young people in the development and delivery of the commission. The Arts Council welcomes in particular commissions involving artists working in the Gaeltacht and/or working through the medium of the Irish language.

Applications will be assessed primarily in relation to the context of young people, children and education. The Arts Council's artform specialists will provide a secondary comment where their artform is integral to the proposal.

The maximum award is €45,000.

Go for Life - National Grant Scheme for Older People

The Age & Opportunity Active National Grant Scheme 2022 is now open for applications.

We recognise the impact that Covid 19 has had on older peoples' participation in sport and physical activity over the last 2 years. Therefore, within this 2022 Grant there are specific allocations aimed at encouraging older people back to sport and their clubs. We also recognise the impact Covid 19 has had on those living in nursing homes and attending day care settings so we are opening up the grant this year to all public and private nursing homes and day care settings.

Background

Since 2001 Sport Ireland has provided funding to Age & Opportunity for our Active programme to help increase the participation of older people in recreational sport and physical activity. This Active National Grant Scheme for Sport and Physical Activity for Older People is one element of the extensive Active programme which has resulted from this funding.

Aim

The Active National Grant Scheme aims to assist in the implementation of locally-developed, well-planned initiatives designed to increase participation in recreational sport and physical activity by older people. In particular, the scheme is aimed at:

- supporting the work of Age & Opportunity's Active Programme including the network of PALs (Physical Activity Leaders) and the development of Go for Life Games and other initiatives;
- assisting local clubs/organisations to enhance existing opportunities for their members in recreational sport and physical activity;
- assisting local clubs/organisations to start new initiatives geared at involving older people in recreational sport and physical activity;
- encouraging all sports clubs to provide new initiatives within their clubs aimed at getting older people back to their sport;
- assisting those working in care settings (both nursing homes and day care settings) to introduce more initiatives to increase physical activity levels of those in their care.

Eligibility

Recognising the impact that Covid-19 has had on the physical activity levels of older people and their groups, the 2022 grant will have specific allocations aimed at encouraging older people back to sport and physical activity and their clubs. The same impact has been felt by those in care settings (both residential and day care settings) around the country so we are opening up the grant this year to both public and private nursing homes and day care settings.

Grants are also available to all eligible local clubs, groups and organisations that promote increased participation in recreational sport or physical activity for older people as a main element of their activities. Umbrella bodies, or their agents, are not eligible for funding under this grant scheme. An exception to this are Local Sports Partnerships who are eligible to apply.

Funding for sports clubs will only be considered if the application specifically relates to older people.

Grants are made available for sport or physical activity for older people and the overall club membership of applicants must be such that older people will be the beneficiaries of the grant monies.

Key Criteria

Applications are encouraged from clubs/organisations that:

- have the potential to increase levels and frequency of participation in recreational sport and physical activity among older people in their setting or local area;
- can act as showcases or successful demonstration projects that can be replicated by other clubs/organisations in the future;
- have the potential to develop into a sustainable, longer-term programme;
- have not previously received a grant;

Christian Brothers Edmund Rice Trust Fund

To mark the beatification of their founder in 1996, the Christian Brothers in Ireland established a Trust Fund to respond, in the spirit of Blessed Edmund Rice, to the challenges facing Christianity in the modern world. The fund is managed by a Board of Trustees in accordance with the terms of the Deed of Trust. The Trust is a registered charity.

The annual income from the fund is available to promote the objectives of the Trust. These objectives include helping individuals and groups in the pursuit of projects which are in accordance with the objectives of the Trust and which are deemed worthy by the Trustees.

Among the projects it may assist are:

- The alleviation of poverty
- The training of teachers, parents, youth leaders or others engaged in the provision of education, leadership or development
- Research into educational disadvantage, school effectiveness, youth leadership and religious development of young people
- Educational facilities

FUNDING REQUIREMENTS

The Trustees meet in May each year to review applications received by the Trust. The applicants are advised of the Trustees decision in June. Successful applicants will receive funding in September and the funds received are to be applied from that September to June of the following year. Exceptions may be approved when circumstances are deemed deserving.

REPORTS

An Annual Report form, available from the Trust, should be completed and submitted to the Trustees for their information in June each year for funding received in the previous year

As part of this report, a detailed breakdown of how the funding was used should include the different items of expenditure, together with invoices and receipts, the total expenditure, and the balance in hand.

RULES GOVERNING FUNDING

Projects must be deemed by the Trustees to conform fully to the objectives of the Trust.

The Trust has strict a policy whereby it will only provide funding to groups/organisations with a child and vulnerable adult safeguarding policy. The Trust will not consider applications from any group/organisation which does not have such a policy in place.

The decision of the Trustees, regarding funding for any project, shall be final.

Funding from the Trust will be made available in the form of a donation which does not have to be repaid. However, if for any reason, after receipt of funding from the Trust, the implementation of the project becomes impossible, the Trustees shall be made aware of this immediately and they may require the return of whatever portion of the donation to the project that remains unexpended.

Any change in the details of the project, as submitted to the Trustees, must be made known to them immediately.

The Trustees must be informed immediately if funds, other than those already specified in the original application, later become available to finance the complete project or any section of it. This may have implications for ongoing funding.

The exact amount of funding received from the Trust must be acknowledged immediately to the Trustees. Where foreign exchange is involved, the acknowledgement must state (1) the exact amount received, in the currency in which it is received and (2) the equivalent in the local currency.

A payment schedule will be decided by the Trustees.

The Trustees require annual reports in June each year for funding received in the previous year. Failure to submit year end reports will impact the consideration of future funding applications.

The financial section of the year-end report should detail the financial aspects of the project, including all income and expenditure. All project-related records and documents, including receipts for expenditure, invoices, vouchers and bank statements, must be retained for a minimum period of seven years, in accordance with standard accounting practices.

The Trustees have the right, at their discretion, to nominate a representative to visit the project in order to check progress and/or substantiate financial reports and records.

If applicants do not object, the Trustees may use information relating to the project in any statements by them concerning the operation of the Trust.

Rethink Ireland - Social Enterprise Development Fund 2022 – 2023

Rethink Ireland is delighted to announce the continuation of its Social Enterprise Development Fund with an additional investment of €1.2 million set to be awarded from 2022-2023.

The additional €1.2 million investment builds on our existing €3.2 million partnership to create a legacy Fund of €4.4 million. This new Fund focuses on continued seed funding for start-up social enterprises, elevated funding for enterprises at the next stage and offering a Business Course across all Local Authority regions in Ireland.

About the Fund

The Social Enterprise Development Fund was created in 2018 by Rethink Ireland in partnership with Local Authorities Ireland and supported by IPB Insurance and the Department of Rural and Community Development through the Dormant Accounts Fund.

IPB Insurance is an Irish-owned general insurance company which protects and supports their local authority members and their communities across Ireland.

Objective

The objective of the Fund is to find and back social enterprises that add to the social and economic fabric of their community by way of social impact.

The Fund will provide critical support to the most innovative and impactful social enterprises across Ireland, helping them to:

- Increase or establish their social impact
- Increase their traded income or set up to create traded income
- Create (more) jobs
- Develop long-term, effective and sustainable solutions.

What is a Social Enterprise?

A social enterprise is a business that works primarily to improve the lives of people. Its business is social good.

Social enterprises are organisations whose mission is to have a positive effect on society. Social Enterprises are at the heart of facing the greatest social challenges in Ireland. They are

professional and experienced, and use business skills and clever thinking to bridge the gaps in our society. The money they make from their work is used to grow what they do so that they can reach all the people in society who need their help.

Social enterprises are innovating every day by inventing and developing solutions to Ireland's most pressing social issues. They are creating meaningful jobs, tackling inequalities and supporting community development. We believe there is a need to foster and invest in these social enterprises to allow them to grow and spread their solutions throughout the country.

What does the Fund offer?

The Social Enterprise Development Fund 2022 now provides the opportunity to participate in a Start a Social Enterprise Business Course, as well as the chance to receive an Award including a cash grant, business supports budget and a place on our Accelerator Programme. The addition of the Business Course offering ensures that the Fund provides vital supports to a wider number of social enterprises across the sector tailored to their stage of development.

The different options are outlined in more detail below, including details on eligibility criteria and the application process.

Culture Ireland Grants

Culture Ireland promotes Irish arts worldwide. We create and support opportunities for Irish artists and companies to present and promote their work at strategic international festivals and venues.

Purpose of Awards

Culture Ireland offers support to Irish professional artists, arts organisations and international presenters to present work by Irish artists at significant international venues and festivals.

In supporting an event, Culture Ireland offers grant funding towards costs which relate directly to the international presentation of the event, i.e. travel and travel related costs such as transport, accommodation and subsistence.

Culture Ireland considers applications for all forms of the arts as defined in the Arts Act 2003: “arts means any creative or interpretative expression (whether traditional or contemporary) in whatever form, and includes, in particular, visual arts, theatre, literature, music, dance, opera, film, circus and architecture, and includes any medium when used for those purposes”.

Basic Eligibility Requirements:

- Application must be in respect of a Irish professional artist/s or arts organisation
- Application must be in respect of an art form defined under the Arts Act 2003
- Only international events are supported (i.e., outside the island of Ireland)
- The event must be accessible to an open public audience and fees must be payable to the artist/s or arts organisation
- Funding support is limited to travel and travel related costs
- Grants are only payable to the person/organisation named on the initial application
- Applications deemed eligible are assessed in line with the following criteria:
- Artistic quality of work and track record of artist/s or arts organisation
- Financial and operational viability of the event (including fees and level of support from presenter/venue/other partners)
- Profile of international venue/festival

- Proven capacity of applicant, artist/s or arts organisation to present work internationally
- Wider promotional and media impact

What does Culture Ireland mean by artistic quality?

Artistic quality can be defined as work that is ambitious, excellent and original, connects to audiences and has been presented nationally to critical acclaim. It should be noted that the assessment of the artistic quality of the proposed work is made using knowledge, experience and specialist advice.

Examples of eligible applications include:

- Theatre, circus and dance performances by professional companies
- Film-makers presenting films at key international film festivals
- Performances by professional or professionally-led musicians and ensembles
- Visual artists/galleries exhibiting at internationally recognised art fairs/galleries
- Readings by writers/poets in English or Irish or otherwise at international literary festivals

Please note that because of the competitive nature and context of each grant round, limited funding and a large number of applicants, eligibility and compliance with criteria for assessment alone does not guarantee that you will receive grant funding.

Examples of ineligible applications include:

- Events which have already taken place
- Research, opportunities, study or professional training
- Production Costs
- Residencies
- Bursaries
- Workshops/Conferences
- Amateur events

- Work by non-professional artists
- Events of a competitive nature.

European Youth Foundation - International Activity Grant

The European Youth Foundation (EYF) is a fund established in 1972 by the Council of Europe to provide financial support for European youth activities. Its purpose is to encourage co-operation among young people in Europe by providing financial support to such European youth activities which serve the promotion of peace, understanding and co-operation in a spirit of respect for the Council of Europe's fundamental values such as human rights, democracy, tolerance and solidarity.

What is International Activity?

International meeting of young people or youth leaders in Europe which contribute to the work of the youth sector of the Council of Europe in topic, methodology and with a clear European dimension.

The following hard criteria are a requirement for an international activity:

- Participants must represent at least 7 Council of Europe member states*;
- It has to be run by an international team (4 nationalities represented in the project team);
- 75 % of participants under 30 years old;
- A gender and geographical balance must be ensured;
- A gender perspective is taken into account throughout the whole process.
- Importance is also given to a non-formal education approach in your projects.

Until now, four working days were considered as a minimum duration for an international activity based on the principles of non-formal education/learning. However, in order to adapt to NGOs' needs, the EYF will no longer consider this duration as a hard criterion. Nevertheless, the EYF will continue to assess grant applications on the basis of their merit and the quality of the programme provided. NGOs applying for activities lasting less than four days will have to convince the EYF that the activity is based on a non-formal education approach.

Statutory or internal meetings (e.g. Board meetings, General Assemblies) cannot be supported as a one-off international activity. These are covered by an EYF [structural grant](#). If a statutory meeting takes place in conjunction with an international activity supported by the EYF (e.g. a Board meeting directly after the activity), this has to be clearly explained and the relevant costs must be separated.

The maximum grant allocated is €20 000. The EYF will cover up to two-thirds of the total real costs of the activity. NGOs need to find additional resources to cover the remaining one-third.

Gender perspective criteria included in all EYF grants

Special attention will be given to applications integrating a gender perspective. This should be clearly explained in the grant application. Gender perspective does not mean having an equal number of female and male participants. You should try to develop your project looking through different gender glasses, taking into account the needs of young women and men.

More information on gender mainstreaming www.coe.int/equality and [our gender mainstreaming page](#) developed having in mind youth NGOs.

What costs are covered by the grant?

Participant's travel, accommodation and food are covered. Also trainer/expert fees, production of material and renting of rooms and equipment. Volunteer time can be included up to a maximum of 10% of the total budget.

The volunteer cannot be paid (travel, accommodation, food can be covered) but the monetary value of the volunteers's contribution can be included in expenditure and income. A more detailed explanation can be seen in the [Volunteer time recognition](#)

Eligibility

[International non-governmental youth organisations](#) can apply on their own;

[International networks of youth NGOs](#) can apply on their own;

[Regional networks of youth NGOs](#) can apply on their own;

[National non-governmental youth organisations](#) can apply if the activity is prepared in partnership with at least 3 other national NGOs or networks from different countries or with at least 1 international NGO or network.

How to Apply

Non-governmental youth organisations must be registered before being able to submit an application. For further criteria and registration, [please visit the EYF website](#).

European Youth Foundation – Annual Work Plan Grant

The European Youth Foundation (EYF) is a fund established in 1972 by the Council of Europe to provide financial support for European youth activities. Its purpose is to encourage co-operation among young people in Europe by providing financial support to such European youth activities which serve the promotion of peace, understanding and co-operation in a spirit of respect for the Council of Europe's fundamental values such as human rights, democracy, tolerance and solidarity.

Within the strategic approach or global action plan of an organisation (what the organisation would like to achieve in the year(s) to come), you are asked to identify a coherent set of activities/elements to be submitted to the EYF. It should be in line with what you do and want to achieve, but it should also be in line with the work, priorities and principles of the youth sector of the Council of Europe.

Each activity/element should contribute to the aim of the work plan and the accomplishments of the work plan as a whole should contribute to the global purpose of the organisation. The work plan does not need to reflect the whole strategy of your NGO; it can be one element of it only.

The different activities of a work plan have to contribute to achieve the objective of the work plan as a whole and have to be interconnected.

It is useful to look at the "flow" of the various actions chronologically: individual activities are linked to each other, feed off and feed into each other (content-wise, through the participants and/or multipliers, towards one common result).

Material production or preparatory meetings should not be included as separate activities. They should be included in the activities they are contributing to.

The maximum grant allocated is €50 000. The grant awarded for an annual work plan is paid in three instalments: 60% when the signed contract is sent to the EYF by post and the conditions in the contract (if any) are met, 25% upon receipt of the interim report and the remaining 15% upon receipt of a satisfactory activity and financial report.

The following criteria are a requirement for annual work plans:

- Composed by several activities (international/other); at least one international activity;
- Clear flow/link between activities: interconnected;

- Each individual activity contributes to the overall objectives of the work plan;
- Link with priorities, missions and vision of the CoE youth sector;
- At least one third of co-funding for international activities;
- A gender perspective is taken into account throughout the whole process.
- Importance is also given to a non-formal education approach in your projects.

What kind of activities can be included?

International activities

A work plan cannot be a set of very small activities or material production only. A work plan needs to have a "European dimension" and this means it should still contain international activities (at least one).

Remember the criteria of international activities (see link): 4 nationalities represented in the team, a gender and geographical balance among participants (minimum of 7 nationalities).

You should find co-funding for the international activities. The EYF will not be able to cover more than two-thirds of the total cost of the international activities calculated together (i.e. the two-third rule will not apply to each separate international activity).

Other activities

“Other activities” can be included such as campaigns, study visits, series of workshops, “mobile” activities (activities which involve travel).

Examples of activities that can be included in a work plan as an “other” activity.

Preparatory meetings, research, needs analysis should be linked to an activity in the work plan, not an activity in itself. Material production should be the “result of” or part of the “follow up of” an activity and not an activity standing on its own.

Statutory or internal meetings (e.g. Board meetings, General Assemblies) cannot be included as separate activities in a work plan. These are covered by an EYF structural grant. If a statutory meeting takes place in conjunction with an activity supported by the EYF (e.g. a Board meeting directly after an international activity), this has to be clearly explained and the relevant costs must be separated.

Aim and objectives of an annual work plan

You will be asked to provide the objectives of each activity of the work plan and also the objectives and the aim of the work plan as a whole. The objectives of each individual activity should contribute to achieve the overall objectives of the work plan.

You need to show the relevance of the set of activities submitted to the EYF within the medium or long-term development of the organisation, but also show how this contributes to the priorities, mission and vision of the Council of Europe.

Gender perspective criteria included in all EYF grants

Special attention will be given to applications integrating a gender perspective. This should be clearly explained in the grant application. Gender perspective does not mean having an equal number of female and male participants. You should try to develop your project looking through different gender glasses, taking into account the needs of young women and men. More information on gender mainstreaming www.coe.int/equality and our gender mainstreaming page developed having in mind youth NGOs.

Eligibility

Who can apply?

- International youth NGOs;
- International networks of youth NGOs.

How to Apply

Non-governmental youth organisations must be registered before being able to submit an application.
